BUILDING OUR FUTURE

Joy Baluch AM Bridge

Joy Baluch AM Bridge

Project Cost: \$200 million

Estimated AG funding: \$160 million

PROJECT DESCRIPTION

The Joy Baluch AM Bridge in Port Augusta will involve the duplication of the existing two-lane bridge as well as widening the approach roads to allow for two lanes in both directions between Mackay Street (South of the bridge) and Burgoyne Street (north of the bridge).

PROBLEM

The Joy Baluch AM Bridge is an important freight and passenger link to access the Upper Spence Gulf in Port Augusta however; the current bridge is not working effectively and experiences safety issues for road users and pedestrians as well as having capacity issues for freight vehicles.

BENEFITS

- Increased passenger and vehicle safety.
- Improved freight connectivity and reliability for freight, local community and tourist vehicles.
- Improved travel times.
- Provide safer overtaking opportunities.
- Provide efficient and reliable travel.
