Australian Government Funding: $20.0 million
Total: $20.0 million

Project description
The Australian Government has already committed $10 billion towards the Bruce Highway Upgrade Program with almost all of the funding allocated to projects. This Strategy will support a plan for future upgrades along the Bruce Highway, including duplication of priority sections of the highway between Curra and Cairns. This work will need to be undertaken in partnership with the Queensland Government and industry.

Project benefits
Benefits include:
- Reduced congestion and improved travel times.
- Improved efficiency and network reliability.
- Improved road safety for all road users.

Project timelines
- Development of this strategy is expected to start late 2020 and be finished by mid 2022.
