Austalian Government Funding: $112.0 million
Queensland Government contribution: $112.0 million
Total: $224.0 million

Project description
This project will deliver a new bridge west of the existing Centenary Bridge, as part of the staged upgrade to the Centenary Motorway. Key works include:

- three-lane northbound bridge
- reconfiguration of the existing bridge to accommodate three lanes
- improved active transport facilities and
- improved flood immunity.

Jobs supported
- This project is expected to support 670 direct and indirect jobs, based on Australian Government estimates.

Project benefits
Benefits include:

- Reduced congestion and improved travel times.
- Improved connectivity between people with jobs and services, and goods with markets.

Project timelines
- This project is expected to start in late 2020 and is expected to be finished by late 2023.
