**Budget 2020**

**Infrastructure Investment Program**

**Reid Highway Interchange - West Swan Road**

**Western Australia**

**Australian Government Funding:** $87.5 million

Western Australian Government contribution: $87.5 million
Total: $175.0 million

**Project description**

The Reid Highway together with the Roe Highway, Kwinana Freeway and Mitchell Freeway forms part of a freight ring road within the Perth metropolitan area. Traffic on the Reid Highway is estimated at 35,000 vehicles per day with 11 per cent heavy vehicles.

The project will construct a grade separated interchange at the intersection of West Swan Road and the Reid Highway.

**Jobs supported**

- This project is expected to support 1200 direct and indirect jobs.

**Project benefits**

Benefits include:
- Reduced congestion and improved travel times.
- Improved efficiency and network reliability.
- Improved road safety for all road users.
- Improved connectivity between people with jobs and services, and goods with markets.

**Project timelines**

- This project is expected to start mid 2021 and be finished by mid 2023.
