Infrastructure Investment Program

Greater Adelaide Freight Bypass Planning Study

South Australia

Australian Government funding: \$5.0 million

South Australian Government contribution: \$5.0 million

Total: \$10.0 million

Project description

This planning study will investigate the construction of upgraded freight routes to enable larger high productivity vehicles to be diverted from the South Eastern Freeway and Cross Road onto the Regional North-South Freight Route, and via the Sturt Highway, bypassing Adelaide.

Project benefits

- Planning and design of future public investments
- Improved freight productivity

Project timelines

- This project is expected to start in early 2022 and be finished by late 2022
