

Australian Government

BUILDING OUR FUTURE

Infrastructure Investment Program

Algona Road Grade Separated Interchange and Duplication of the

Kingston Bypass

Tasmania

Australian Government funding: \$48.0 million

Tasmanian Government contribution: \$12.0 million

Total: \$60.0 million

Project description

This project will upgrade the roundabout at the intersection of Algona Road and the Channel Highway, near Kingston south of Hobart, and will duplicate the Kingston Bypass from Algona Road to the Huon Highway to cater for significant growth south of Hobart.

The project is expected to reduce congestion and improve safety for all road users.

Jobs supported

- This project is expected to support 200 direct and indirect jobs based on Australian Government estimates

Project benefits

- Improved road safety for all road users
- Reduced congestion and improved travel times

Project timelines

- This project is expected to start construction in mid 2023 and be finished construction by late 2025
