

Australian Government

BUILDING OUR FUTURE

Infrastructure Investment Program

Southern Connector Road, Jindabyne

New South Wales

Australian Government Funding: \$100 million

NSW Government Contribution: \$51.2 million

Total: \$151.2 million

Project description

This project is expected to deliver a new road south of Jindabyne which bypasses the town centre - linking with Kosciuszko Road at both ends and intersecting with Barry Way at its centre.

This project will reduce traffic flows through the Jindabyne town centre, which has been identified as a catalyst precinct under the Snowy Mountain Special Activation Precinct.

This project is expected to reduce travel times, support growth in tourism, and improve freight productivity and road safety for all road users.

Jobs supported

- This project is expected to support 340 direct and indirect jobs.

Project benefits

- Improved road safety for all road users.
- Reduced congestion and improve travel times.
- Improved freight productivity.

Project timelines

- This project is expected to commence construction in early 2023.
