## Forrest Highway (Vittoria Road) – New Intersection and Road Connection

Western Australia

### Australian Government Funding: \$16 million

WA Government Contribution: \$4 million

**Total: \$20 million**

### Project description

A new intersection will be constructed along Forrest Highway, south of Vittoria Road, along with a new road connection into the Glen Iris development precinct.

The new intersection and road connection will address current pedestrian, traffic and road safety issues associated with travelling along Forrest Highway and accessing the Glen Iris development precinct, the Bunbury Farmers Market and local schools.

The project will also support future development opportunities in the Glen Iris development precinct, improve access to Bunbury Port, promote efficient traffic movement along Forrest Highway, and support regional development opportunities for the region.

### Jobs supported

- This project is expected to support 120 direct and indirect jobs.

### Project benefits

- Improved road safety for all road users.
- Reduced congestion and improved travel times.
- Improved efficiency and network reliability.
- Improved connectivity between people with jobs and services, and goods with market.

### Project timelines

- This project is expected to commence construction in mid-2022, and be completed by mid-2024.
