Regional Road Safety Upgrades

Western Australia

### Australian Government Funding: \$140.0 million

WA Government Contribution: \$35.0 million

**Total: \$175.0 million**

### Project description

The project will undertake targeted regional road upgrades across Western Australia to ensure roads meet current WA road safety standards. The upgrades will include shoulder sealing, widening road mediums and the installation of audible edge lines.

### Jobs supported

- This project is expected to support 315 direct and indirect job based on Australian Government estimates.

### Project benefits

- Improved road safety for all road users.
- Improved efficiency and network reliability.
- Improved accessibility and connectivity of road networks.

### Project timelines

- This project is expected to commence construction in mid-2023 and be completed by mid-2024.
