**Australian Government Funding: $1.6 million**

Australian Government: $1.6 million  
ACT Government: $1.6 million

**Problem Description**
The Australian Government is investing in a range of road safety improvement projects that will address priority issues within the ACT transport network. Australian Government funding will:

- $400,000 to upgrade traffic signals with Uninterrupted Power Supply for when the power goes down.
- $850,000 to install road safety barriers to comply with current standards and reduce the likelihood of fatal crashes caused by run off collisions.
- $350,000 for the installation of a variable speed limit system on the Tuggeranong Parkway between Cotter Road and the Glenloch Interchange to allow TCCS to vary speeds to manage congestion. This includes Variable Speed Signs, communication connections, CCTV cameras and speed and volume detectors.

**Project Benefits**
Benefits include:

- Improve road safety for all road users.
- Reduce congestion and improve travel times.
- Improve efficiency and network reliability.
- Improve accessibility and connectivity of road networks.
- The upgrade of traffic signals project is expected to support 11 direct jobs.

**Project Timelines**
Construction is expected to commence early 2021, and be completed by late 2021.
