BUILDING OUR FUTURE

Heysen Tunnel Refit and Safety Upgrade South Australia (SA)

Australian Government Funding: \$12 million

Australian Government: \$12 million
South Australia: \$3 million

Problem Description

This project will refit important safety, communications and electrical systems in the Heysen Tunnel that are approaching end of life, and provide a fire deluge system as required for a major tunnel refit under Australian Standard.

Project Benefits

Benefits include:

- Improve road safety for all road users
- Improve efficiency and network reliability

Project Timelines

- Estimated start – January 2021
- Estimated completion – December 2021
