Australian Government Funding: $2 million
Australian Government: $2 million
Tasmanian Government: $2 million

Problem Description
Railton Main Road is the main arterial road from the township of Railton through to Latrobe in the north of Tasmania. The road operates as a key network link connecting with the Bass Highway and leading into the high volume port at Devonport.

This project is expected to prioritise shoulder widening for problem areas identified along a 13-kilometre section of Railton Main Road. This will improve road safety and network efficiency for freight and road users along this busy corridor.

Project Benefits
Benefits include:
- Improve road safety for all road users
- Improve efficiency and network reliability

Project Timelines
This project is expected to commence construction in October 2020 and be completed by June 2021.
