**Australian Government Funding:** $5.2 million
Australian Government: $5.2 million
Tasmanian Government: $1.3 million

**Problem Description**
Richmond Road, located north east of Hobart, facilitates travel for a diverse mix of traffic including commuters, agricultural vehicles, tourists and cyclists.

The Richmond Road Master Plan has identified a range of upgrades to provide a safer and more consistent road environment between Cambridge and Richmond.

The project is expected to include shoulder widening at priority locations along Richmond Road, specifically from Prickly Hollow Bridge to the intersection at Grasstree Hill Road.

The upgrades will improve road safety and network efficiency for all freight and road users along this busy corridor. The upgrades will also support the continued growth and efficiency of the local agricultural industry.

**Project Benefits**
Benefits include:
- Improved road safety for all road users
- Improved efficiency and network reliability

**Project Timelines**
This project is expected to commence construction in October 2020 and be completed by June 2021.
