Bruce Highway South Corridor

Infrastructure Investment Program

As at 2025–26 Budget

Total AGC	\$5,639.5 million
Corridor Description	The Bruce Highway South Corridor is between Brisbane and Gladstone
Benefits	<ul style="list-style-type: none">• Increased capacity• Increased safety• Increased efficiency
Funding program	Investment Road and Rail – Infrastructure Investment Program
Transport mode	Road
State	QLD

Projects within the Bruce Highway South Corridor:

Bruce Highway - Cooroy to Curra - Planning and Design

The project involved planning, design and property acquisition for the upgrade of a 65 kilometre section of the Bruce Highway from Cooroy to Curra.

Bruce Highway - Caloundra Road to Sunshine Motorway

The project delivered upgrades to the 7km stretch of the Bruce Highway between the Caloundra Road interchange and the Sunshine Motorway by providing a six lane divided highway.

Bruce Highway - Pine River to Caloundra Road Smart Motorways (Stage 2)

The project will deliver smart technology upgrades and undertake critical asset renewal along a 60 kilometre stretch of the Bruce Highway between Pine River and Caloundra Road.

Bruce Highway - Cooroy to Curra - Section D (Planning and Design)

The project delivered planning and detailed design of the Bruce Highway - Cooroy to Curra - Section D project including land acquisitions.

Bruce Highway - Maroochydore Road and Mons Road Interchanges Upgrade

The project will deliver upgrades to Maroochydore Road and Mons Road Interchanges, construct new two-way eastern and western service roads, reconfigure entry and exit ramps at Mons Road and widen Mons Road underpass.

Bruce Highway - Tiaro Flood Immunity Upgrade

The project will deliver a bypass to address flooding, traffic efficiency and safety issues at Tiaro.

Bruce Highway - Saltwater Creek Upgrade

The project delivered upgrades to four existing floodway sections north of Saltwater Creek between Maryborough and Torbanlea to improve flood immunity.

Bruce Highway - Wide Bay Highway Intersection Upgrade

The project addressed congestion caused by traffic joining the Bruce Highway from the Wide Bay Highway heading south. The works involved capacity and safety upgrades to the Wide Bay Highway intersection.

Bruce Highway - Deception Bay Road Interchange Upgrade

The project delivered upgrades to the Deception Bay Road interchange including the upgrade of entry and exit ramps, two new parallel bridges over the Bruce Highway, two signalised intersections on Deception Bay Road.

Bruce Highway - Cooroy to Curra - Section D

The project involves the construction of a new 26 kilometre four-lane bypass east of Gympie between Woondum interchange and Curra.

Bruce Highway - Linkfield Road Overpass

The project will deliver an overpass over Linkfield Road Overpass to improve the capacity of Linkfield Road and Gympie Arterial interchange.

Bruce Highway - Caboolture-Bribie Island Road to Steve Irwin Way

The project will upgrade approximately 11 kilometres of the highway, from a four-lane to a six-lane divided carriageway, between Caboolture-Bribie Island Road and Steve Irwin Way. The project will also replace 10 bridges and upgrade existing interchange ramps, including the provision for smart motorway infrastructure.

Gateway Motorway - Bracken Ridge to Pine River

The Project will upgrade the four-lane section of the Gateway Motorway from Bracken Ridge to the interchange with the Bruce Highway and the Gympie Arterial Road. The Project is expected to improve safety and travel times, increase motorway capacity and reduce congestion.

Widen Bruce Highway in Brisbane (Dohles Rocks Road to Anzac Avenue)

The project will deliver new northbound and southbound entry ramps between the Bruce Highway and Dohles Rocks Road and widen the Bruce Highway between Dohles Rocks Road and north of Anzac Avenue interchange.

Bruce Highway - Gateway Motorway to Dohles Rocks Road Upgrade

The project will address congestion and safety related issues between the Gateway Motorway interchange and the Dohles Rocks Road intersection on the Bruce Highway.

Bruce Highway - Anzac Avenue- Uhlmann Road - Business Case

The project will deliver a business case for critical upgrades to the Bruce Highway between Anzac Avenue and Uhlmann Road, to increase safety, reduce congestion and improve the reliability of the Bruce Highway.

Bruce Highway - Uhlmann Road-Buchanan Road - Business Case

The project will deliver a business case for critical upgrades to the Bruce Highway between Uhlmann Road and Buchanan Road to reduce congestion and improve reliability.

Bruce Highway - Buchanan Road - Caboolture Bribie Island Road - Business Case

The project will deliver a business case for critical upgrades to the Bruce Highway between Buchanan Road and Caboolture Bribie Island Road to reduce congestion, increase flood immunity and improve reliability.

Bruce Highway - Anzac Avenue to Uhlmann Road

This project will prepare a business case to widen the Bruce Highway from six to eight lanes between Anzac Avenue and Uhlmann Road.

Bruce Highway - Pine River Bridge Capacity Upgrade - Plan and Preserve

The project will deliver planning and preconstruction works for a Pine River Bridge capacity upgrade, to increase capacity, efficiency and safety.

Bruce Highway - Pine River to Caloundra Interchange - Planning

This project included planning and priority upgrades along the Pine River to Caloundra Road corridor of the Bruce Highway.
