

Australian Government

BUILDING AUSTRALIA

INFRASTRUCTURE INVESTMENT PROGRAM

BUDGET 2024-25

NATIONAL

Active Transport Fund

Commitment

Australian Government Commitment: \$100 million

Project Scope

The program will provide funding to upgrade and construct new bicycle and walking paths to encourage the safe use of active transport in Australian communities.

Timeline

Guidelines for the fund are currently being developed and further guidance will be released in due course.

Project Objectives

- increase the safety of cyclists and pedestrians by providing dedicated, separate paths reducing the risk of collision incidents
- provide additional safe and healthy ways for people to move around their communities, either on their bikes or by walking
- create more liveable communities
- provide lower cost transport options
- support zero emission travel
