

Newell Highway Corridor

Total AGC	\$1,120.1 million
Corridor description	The Newell Highway along the National Land Transport Network in New South Wales between Moree and Wyalong.
Benefits	<ul style="list-style-type: none">• Connect regional communities and increase access for higher efficiency freight vehicles• Improved efficiency and network reliability• Improved road safety for all road users
Funding program	Investment Road and Rail – Infrastructure Investment Program
Transport mode	Road
State	New South Wales

Projects within the Newell Highway Corridor:

Newell Highway Upgrade - Heavy Duty Pavement Upgrades

The Project will deliver prioritised heavy duty pavement upgrades along the corridor, with upgrades to at least four sections of the Newell Highway to be delivered.

Newell Highway Upgrade - Dubbo Bridge

This project involves the construction of a new bridge over the Macquarie River in Dubbo, the construction of a new 2.3 kilometre link road between Thompson Street and Bourke Street, and associated intersection upgrades.

Newell Highway Upgrade - Parkes Bypass

This project involves the construct of a 10.5 kilometre bypass approximately 1.5 to 2.0 kilometres in length west of the existing Newell Highway in Parkes.

Newell Highway Upgrade - Overtaking Lanes

This project delivered 19 overtaking lanes on the Newell Highway, jointly funded by the Australian Government and NSW Government.

Newell Highway - Newell Highway Flood Mitigation - West Wyalong to Forbes

The project will develop and deliver flood mitigation solutions for the Newell Highway between West Wyalong and Forbes to reduce the amount of time the Newell Highway is closed during and post floods.

Newell Highway Upgrade - Heavy Duty Pavement Upgrades – North Moree

The project will deliver heavy duty pavement upgrades to two sections of the Newell Highway north of Moree, and one section south of Moree ('Section 4' of Narrabri to Moree), with a combined length of about 30 kilometres of upgrades.

The project may also deliver upgrades to the Tycannah heavy vehicle rest area, along with road widening and intersection upgrades and improvements to private property accesses.

The project will complement Stage 1 (Newell Highway Upgrade - Heavy Duty Pavement Upgrade) which is delivering similar upgrades at four locations between Narrabri and Moree.

This project will improve flood immunity along the Newell Highway, and increase freight productivity, network reliability and road safety for all road users.

Newell Highway – Forbes Iron Bridge Upgrade

This project involves constructing a new bridge and road alignment to the east of the existing bridge, linking Lachlan Valley Way to The Escort Way.

Newell Highway – Newell Highway and Oxley Highway Intersection Upgrade

This projects involves the upgrade of the intersection of the Newell Highway and Oxley Highway near Coonabarabran.

Newell Highway – Upgrades to Hargraves Lane and Federation Street

This project involves upgrades to the intersections of Hargraves Lane and Federation Street to the Newell, Oxley and Castlereagh Highways in Gilgandra, it will enhance connectivity between Inland Rail and the Newell Highway.
