## Projects within the Industry Roads Corridor:

### Buntine Highway Upgrade

The Project will upgrade priority sections of the Buntine Highway to deliver flood immunity, safety improvements and pavement strengthening and widening works along the route.

### Carpentaria Highway Strengthening & Widening

The Project will upgrade approximately 5 kilometres of the Carpentaria Highway between the Tablelands Highway and MacArthur River Mine.

### Carpentaria Highway Upgrade

The Project will involve planning for, reconstruction and associated works of approximately 175 kilometres of the Carpentaria Highway, commencing at the Stuart Highway.

### Roper Highway Upgrade (Stage 1)

The project upgraded and sealed 4.5 kilometres of the Roper Highway.

### **Roper Highway Upgrade (Stage 2)**

The Project will upgrade and seal approximately 18.9 kilometres of the Roper Highway between Wilton Bridge and Ngukurr to a two-lane standard seal.

### **Newman to Katherine Upgrade (Northern Territory) - Scoping and Investigations**

This planning project involves scoping and investigation works for future works in the Northern Territory between Newman and Katherine, including design and preparatory works for future projects.

### **Sandover Highway Upgrade**

The Project will upgrade and seal approximately 20 kilometres of the Sandover Highway.
