# Northern Territory

## Infrastructure Investment Program

2026–27 Budget

Connecting Australians | Enriching Communities | Empowering Regions  
**Supporting priority land transport infrastructure projects**

The Australian Government is continuing to invest in infrastructure around Australia, investing over \$120 billion over 10 years in the infrastructure investment pipeline. Our infrastructure projects improve productivity, resilience, safety and liveability for communities around the country. We are carefully managing this investment to ensure that we can continue to deliver nationally significant and locally important infrastructure while retaining responsible financial management.

Through the 2026-27 Budget, the Government has committed over \$26 million to new and existing projects in the Infrastructure Investment Program (IIP), supporting the delivery and progression of important upgrades within the Northern Territory.

This means that as at the 2026-27 Budget, the Government's total commitment to the Northern Territory under the IIP, over the next 10 years, is \$2.8 billion, including \$2.4 billion towards major road and rail projects and over \$340 million for smaller projects and programs such as the Roads to Recovery, Safer Local Roads and Infrastructure, and Black Spot programs.

The Government recognises that infrastructure delivery continues to be affected by uncertain global conditions, including market volatility, supply chain pressures and higher construction costs.

We will continue working with the Northern Territory to deliver projects that will benefit Australians into the future.

# New Projects

Through the 2026–27 Budget, the Australian Government has committed **\$24 million** to one new project in the Northern Territory.

## Bagot Road Safety and Capacity Upgrades

The Australian Government has committed **\$24 million** to the project, which will upgrade the two intersections of Bagot Road with Fitzer Drive, Totem Road and Osgood Drive to improve traffic flow, reduce congestion and enhance safety.

Summary – New Projects	(\$m)
Bagot Road Safety and Capacity Upgrades	24.0
<b>Total</b>	<b>24.0</b>

# Projects receiving additional funding

Through the 2025–26 Budget, the Australian Government has committed **\$2.5 million** to support the delivery of one existing project.

## Stuart Highway - Schwarz Crescent Intersection Upgrade

This project will upgrade the intersection between Smith Street and the Stuart Highway, as well as better connecting Schwarz Crescent and Anzac Hill Road with the Stuart Highway, for improved road safety and pedestrian access.

The Australian Government has committed an additional **\$2.5 million** towards the project. This additional funding will address cost pressures resulting from higher construction costs and extended land acquisitions processes. The total Australian Government commitment towards the project is now **\$12.1 million**.

Summary – Additional Funding	(\$m)
Stuart Highway - Schwarz Crescent Intersection Upgrade	2.5
<b>Total</b>	<b>2.5</b>
