1 Local Roads and Community Infrastructure Program Process

1.1 Introduction

These Grant Opportunity Guidelines (or Program Guidelines) contain information for Phase 1 of the Local Roads and Community Infrastructure (LRCI) Program. These Guidelines apply to administration of Phase 1 of the LRCI Program only.

This document sets out:

- the purpose of the grant opportunity
- the eligibility criteria
- how Eligible Funding Recipients will be monitored and evaluated
- responsibilities and expectations in relation to the opportunity.

The LRCI Program is administered by the Department of Infrastructure, Transport, Regional Development, Communications and the Arts (the Department).

2 About the grant program

The LRCI Program commenced from 1 July 2020 and ends on 30 June 2026. The total Australian Government investment in the Program has been \$3.25 billion across four phases.

Phase 1 of the LRCI Program was announced in May 2020 as part of the Australian Government's wider economic response to COVID-19. It aims to assist a community-led recovery from COVID-19 by supporting local jobs, firms, and procurement. Local government organisations are expected to use local businesses and workforces to deliver projects under the LRCI Program where possible to ensure stimulus funding flows into local communities.

The LRCI Program supports local government organisations to deliver priority local road and community infrastructure projects across Australia, supporting jobs and the resilience of local economies. The Program enables local government organisations to select a broad range of projects so communities can benefit from the infrastructure that they need, support businesses and create employment opportunities.

The LRCI Program is a demand driven (eligibility based) grant program delivered under Outcome 3.2 of the Department's Portfolio Budget Statement:

The local government program supports regional development and local communities through delivery of policy advice to the Australian Government and financial assistance to local governments to strengthen local government capacity and better support local communities.

The objective of Phase 1 of the LRCI Program is to stimulate additional infrastructure construction activity in local communities across Australia to assist communities to manage the economic impacts of COVID-19.

The intended outcomes of Phase 1 of the LRCI Program are to:

- provide stimulus to protect and create local short-term employment opportunities through funded projects following the impacts of the COVID-19; and
- deliver benefits to communities, such as improved road safety, accessibility and visual amenity.

The Department administers the LRCI Program according to the *Commonwealth Grants Rules and Guidelines 2017* (CGRGs).

3 Grant amount and grant period

The Australian Government committed a total of \$500 million in funding to Phase 1 of the LRCI Program. Eligible Funding Recipients are able to receive a grant amount called a 'Nominal Funding Allocation' from 1 July 2020.

The formula used to calculate a Nominal Funding Allocation has been modelled on funding allocations under the Roads to Recovery (RTR) Program and the local road component of the Financial Assistance Grants Program. The formula used to determine a share of funding under the LRCI Program has been derived based on recommendations from the relevant Local Government Grants Commission in each state and territory, and takes into consideration factors such as population estimates, and road length in each local governing body area. This is similar to how individual shares of R2R funding and local road component of the Financial Assistance Grant Program is calculated.

The formula has been consistently applied to determine the Nominal Funding Allocation of each Eligible Funding Recipient under the LRCI Program.

Phase 1 of the LRCI Program commenced on 1 July 2020 and ends on 31 December 2024. Project construction activity is required to be physically completed by 30 June 2024.

4 Eligibility criteria

Only Eligible Funding Recipients will receive a letter of offer for the LRCI Program. A list of Eligible Funding Recipients and their funding allocation is available on the Department's website.

4.1 Who is eligible for a grant?

The Eligible Funding Recipients for this grant opportunity have been pre-identified. They are:

- all local councils in Australia;
- the ACT Government in lieu of a system of local government;
- the relevant state governments and authorities that provide local council services to 'unincorporated areas' in Australia
- the relevant authorities that provide local council services for Christmas Island, Cocos (Keeling) Islands and Norfolk Island
- the Local Government Association of the NT for specific local roads on behalf of some regional NT councils.

The Eligible Funding Recipients were selected for this grant opportunity as the intention is to fund local communities directly. By providing funding to the level of Government closest to communities, the Australian Government can ensure that the economic boost is felt throughout every community across Australia. Further, by allowing local government organisations to select projects to be undertaken (within a specified framework), they are able to deliver projects in line with priorities at the local level.

4.2 Who is not eligible for the grant program?

Organisations are not eligible to receive grant funding under the LRCI Program unless they have been identified by the Australian Government as an Eligible Funding Recipient (see Section 4.1).

General applications for funding by other organisations will not be accepted.

5 What the grant money can be used for

Grant money can only be used on Eligible Projects, which are those that meet the requirements set out in the following sections and deliver benefits to the community.

5.1 Eligible grant activity

Eligible local road projects are projects that involve the construction or maintenance of roads managed by local governments. Local governments are encouraged to consider how works can support improved road safety outcomes. This could include projects involving any of the following associated with a road:

- traffic signs;
- traffic control equipment;
- street lighting equipment;
- a bridge or tunnel;
- a facility off the road used by heavy vehicles in connection with travel on the road (for example, a rest area or weigh station);
- facilities off the road that support the visitor economy; and
- road and sidewalk maintenance, where additional to normal capital works schedules.

Eligible community infrastructure projects are projects that involve the construction, maintenance and/or improvements to council-owned assets (including natural assets) that are generally accessible to the public.

Projects that involve the construction, maintenance and/or improvements to state/territory and crown owned land/assets and Commonwealth owned land/assets, can also be eligible projects where the Council can confirm that they have the authority of the land or asset owner to undertake the project at the nominated site(s) and the sites are accessible to the public (including natural assets).

These projects must deliver benefits to the community, such as improved accessibility, visual amenity, and/or safety. Examples of eligible works include:

- Closed Circuit TV (CCTV);
- bicycle and walking paths;
- painting or improvements to community facilities;
- repairing and replacing fencing;
- improved accessibility of community facilities and areas;
- landscaping improvements, such as tree planting and beautification of roundabouts;
- picnic shelters or barbeque facilities at community parks;
- playgrounds and skate parks (including all ability playgrounds);
- noise and vibration mitigation measures; and
- off-road car parks (such as those at sporting grounds or parks).

5.2 Projects must be additional to existing work plans

To be considered an Eligible Project, projects need to be additional to an Eligible Funding Recipient's existing work plan for the financial years within the eligible construction time period. Projects that have been brought forward from future work plans will be considered additional.

Projects will not be considered additional if Eligible Funding Recipients substitute LRCI Program funds for their own funding or other sources of funding. The purpose of the LRCI Program funding is to enable Eligible Funding Recipients to undertake infrastructure projects additional to what they had planned to undertake using their own funds, to stimulate local economies and employment opportunities.

Co-contributions are not required under the LRCI Program, but Eligible Funding Recipients may expend their own funds on Eligible Projects.

5.3 Eligible Construction Time Period

Construction activity on Eligible Projects must be undertaken between 1 July 2020 and 30 June 2024. This is the Eligible Construction Time Period (ECTP).

5.4 What the grant money cannot be used for

Eligible Funding Recipients cannot use grant money to pay for business as usual activities and costs, or any other activities and costs not associated with Eligible Projects. These are Ineligible Projects and Ineligible Expenditures.

The following are examples of Ineligible Projects and Ineligible Expenditures:

- costs incurred in the preparation of a Work Schedule or related documentation;
- costs incurred in the preparation of reporting documentation including Audit requirements;
- general administrative overheads and staff salaries not connected with Eligible Projects funded under the Program;
- subsidy of general ongoing administration of an organisation such as electricity, phone and rent;
- projects that receive Australian, state or territory government funding for the same purpose, unless otherwise agreed by the Department;
- commencement ceremony, opening ceremony or any other event associated with Eligible Projects;
- transport planning studies;
- road rehabilitation studies (if not part of an Eligible Project);
- community/public art;
- road building plant or other capital equipment especially moveable equipment (e.g. graders);
- training (if not part of an Eligible Project);
- public liability insurance;
- fringe benefits tax;
- GST payable component of a supply;
- finance leases on equipment;
- depreciation, except for depreciation of plant and equipment directly attributable to a grant funded eligible project;
- stand-alone design and preliminary works;
- operating lease charges where the rental expense cannot be directly linked to the grant project (e.g. a grader may be hired for a period for a variety of tasks, only charges that specifically relate to the funded eligible project can be charged against the grant funds);
- overseas travel; and
- the covering of retrospective costs.

6 The grant selection process

6.1 Who will approve grants?

A grant will only be awarded to organisations defined in these Guidelines as an Eligible Funding Recipient. The grant award is approved by the Program Delegate by executing a Grant Agreement.

The Program Delegate will also decide whether projects nominated or varied in a Work Schedule are Eligible Grant Activity as defined in these Guidelines.

The Program Delegate's decision is final in all matters, including:

- the approval of an Eligible Project and Work Schedule;
- the acceptance of a report;
- the amount and release of payments.

There is no appeal mechanism for the Program Delegate's decision to approve or not approve a project, Work Schedule, report and/or payment.

7 Letter of offer process

Eligible Funding Recipients will receive a letter of offer to participate in the LRCI Program. This letter will:

- a) specify the Nominal Funding Allocation; and
- b) include a Grant Agreement that sets out the terms and conditions of the LRCI Program.

Before accepting the offer, Eligible Funding Recipients must read and understand these Guidelines and the Grant Agreement. The Guidelines can be found at the Department's website and on GrantConnect.

Any alterations and addenda¹ will be published on GrantConnect and the Department's website. By registering on GrantConnect, organisations will be automatically notified of any changes to the Guidelines.

8 Notification of outcomes

Eligible Funding Recipients for the LRCI program have been pre-determined and will receive a letter of offer and Grant Agreement.

9 Successful grantees

9.1 The grant agreement

An Eligible Funding Recipient must enter into a legally binding Grant Agreement with the Commonwealth. The Grant Agreement will be provided to Eligible Funding Recipients and sets out standard terms and conditions that cannot be changed. The Grant Agreement may also contain conditions specific to an Eligible Funding Recipient in a Schedule.

An Eligible Funding Recipient should not make financial commitments until a Grant Agreement has been executed with the Commonwealth. The Department is not responsible for any of an Eligible Funding Recipient's expenditure until a Grant Agreement is executed and the Work Schedule is approved.

A Grant Agreement must be executed with the Commonwealth before any payments can be made. To accept the offer, the Eligible Funding Recipient must:

- sign the Grant Agreement;
- provide all the information requested; and
- return the Grant Agreement to the Department by the date stipulated in the letter of offer.

¹ Alterations and addenda include but are not limited to: corrections to currently published documents, changes to close times for applications, and Questions and Answers (Q&A) documents.

By signing and returning the Grant Agreement, Eligible Funding Recipients agree to abide by the terms and conditions contained therein. The Program Delegate will then execute the Grant Agreement on behalf of the Commonwealth and return a copy to the Eligible Funding Recipient.

Eligible Funding Recipients should keep a copy of the Grant Agreement and any supporting documents.

The Commonwealth may recover grant funds from an Eligible Funding Recipient if the Grant Agreement has been breached. Where an Eligible Funding Recipient fails to meet the obligations of the Grant Agreement, the Grant Agreement may be terminated.

9.1.1 Grant agreement extensions

We recognise that unexpected events may affect funding recipient progress in delivering their work schedule and prevent projects being complete by the end of the ECTP on 31 June 2024.

The Program Delegate may approve an extension to the grant agreement provided:

- the Funding Recipient requests the extension at least two (2) months before the ECTP end date (by 30 April 2024);
- the extension will allow for completion of construction of one or more existing projects in the Approved Work Schedule (an extension may not be granted to enable new projects to be scheduled and funded);
- it can be demonstrated that the delays in delivery occurred as a consequence of exceptional circumstances, including but not limited to supply chain issues, labour shortages, and extreme weather events; and
- the extension is for no more than twelve (12) months to the ECTP and Grant Agreement end date (i.e. extensions will not be granted beyond 31 June 2025).

Eligible Funding Recipients can contact the Department by email to LRCIP@infrastructure.gov.au to request a grant agreement extension.

You should not assume that an extension request will be successful. The Program Delegate will consider your request and review any required changes based on provisions in the grant agreement, including relating to reporting requirements, and to ensure the changes do not impact the grant program achieving its outcomes as set out in these guidelines.

9.1.2 Submission of a Work Schedule

Eligible Funding Recipients will nominate projects they intend to spend LRCI grant money on in their Work Schedule.

Eligible Funding Recipients are required to submit a Work Schedule in the manner and form stipulated by the Department.

The draft Work Schedule must contain the following information in relation to each of the nominated projects the Eligible Funding Recipient proposes to undertake:

- project description, including details of how the project meets the eligibility requirements detailed in these guidelines;
- proposed timeframes for the project, including construction commencement date, construction duration and estimated construction completion date;
- detail any Conflicts of Interest and management actions to manage these conflicts;
- the amount of Grant funding required and details of any other contributions to the total costs of the project, along with details of all proposed expenditure including confirmation that none of the proposed expenditure is Ineligible Expenditure;
- provide clear project descriptions;
- detail any conflicts of interest and management actions;
- specify the amount of grant funding required (projected expenditure);

- meet mapping requirements notified by the Department; and
- expected number of full-time equivalent jobs supported by the project over the construction period.

If some of the jobs supported by a project are new jobs/redistribution of personnel in the Eligible Funding Recipient's workforces, labour costs for work undertaken must be derived from timesheets or via an equally acceptable method. Project management time included in the expected number of jobs supported by a project must not include Ineligible Expenditure or costs associated in Ineligible Projects, and a clear and definable model needs to be in place to apportion these costs.

Eligible Funding Recipients will be provided with a Work Schedule template and further information on how to fill out a Work Schedule. The process for submitting a Work Schedule will be provided to Eligible Funding Recipients and made available on the Department's website.

Eligible Funding Recipients can submit their Work Schedule when or after they return their signed Grant Agreement. However, failure to promptly return a Work Schedule will result in release of grant funds being delayed.

The total amount of grant funding sought under a draft Work Schedule cannot exceed the amount of the Nominal Funding Allocation specified in the Grant Agreement.

9.1.3 Approval of a Work Schedule

The Department will assess whether projects included in an Eligible Funding Recipient's Work Schedule meet the Eligible Project Requirements set out in these Guidelines and that all requested information has been provided.

If the Work Schedule or detailed projects do not meet requirements, an Eligible Funding Recipient may submit an updated Work Schedule that includes additional nominated projects for approval. The Department will contact the Eligible Funding Recipient to request further information.

The Department will make a recommendation to the Program Delegate to approve/not approve the Work Schedule and the release of the First Instalment (of three instalments) of grant funds on the basis of their assessment of the information provided by an Eligible Funding Recipient.

The Program Delegate will decide whether to approve the Work Schedule and the release of the First Instalment. Approval may be subject to conditions detailed in the Grant Agreement.

Only approved Eligible Projects will be included in the Approved Work Schedule. Eligible Funding Recipients will be advised in writing if their Work Schedule and release of the First Instalment has been approved.

Eligible Funding Recipients must keep their Work Schedule up to date in accordance with the Program Guidelines as in force from time to time; and any other requirements notified by the Department.

At a minimum, an Eligible Funding Recipient must update a Work Schedule in accordance with any requirements notified by the Commonwealth, immediately prior to submitting the second Quarterly Report or immediately before submission of an Ad hoc report for Early Access (refer to Section 11 for information on reporting requirements). This is because the amount of grant money to be released is calculated with reference to projected expenditure on Eligible Projects.

9.1.4 Variation of a Work Schedule

Funding recipients may request a variation to their work schedule at any time before 30 April 2024.

If a variation is only required to amend the construction start or end date of an Approved Project within the ECTP, this can be requested by notifying the Department of the new dates by email. For more substantive variations, including:

- multiple projects;
- an increase or decrease in total project cost, including co-contribution amounts;
- an increase or decrease in project scope of works;
- removal of an approved project; or
- nomination of a new project for approval,

Eligible Funding Recipients are required to resubmit their most recently Approved Work Schedule with edits and annotations showing the requested changes. A copy of the Approved Work Schedule in Microsoft Word, amended with track changes, should be emailed to LRCIP@infrastructure.gov.au for assessment.

Refer section 9.1.1 above in regard to amending the construction start or end date of an Approved Project beyond the ECTP.

9.1.5 Assessment and approval of variations

All variation requests will be assessed by departmental officers to ensure all eligibility criteria is met. The Program Delegate will provide final approval of all variations.

The time frame for variation assessment and approval can be up to four (4) weeks (provided all information is provided and correct in the first instance). If information is missing or unclear, we will be in contact to rectify the issue. Note this may delay approval.

You should not assume that a variation request will be approved. Eligible Funding Recipients must not proceed with works on projects that are subject to a work schedule variation request until it has been approved by the relevant Program Delegate and you are notified by the Department. If an Eligible Funding Recipient starts or continues work on a project that is pending approval of a variation request, and the project is not approved for funding, the Department will not be responsible for Eligible Funding Recipient's expenditure on the project.

--	--	---

9.2.1 First instalment

The First Instalment will be paid to an Eligible Funding Recipient within four weeks of the Work Schedule and release of the First Instalment being approved by the Program Delegate.

The value of the First Instalment will be 50 per cent of an Eligible Funding Recipient's Nominal Funding Allocation.

9.2.2 Progress instalment

The Program Delegate will decide whether to approve release of Progress Instalments on the basis of:

- the Department's assessment of, and the information provided in relevant Quarterly Report/s;
- if seeking Early Access to progress instalments, the information contained in an Ad hoc report detailing an Eligible Funding Recipient's actual expenditure to date and projected expenditure in the manner and form required by the Department;
- whether or not an Eligible Funding Recipient is in breach, or suspected of being in breach, of the Grant Agreement; and
- consideration of other relevant information.

Further information may be requested by the Department at this stage and considered by the Program Delegate.

If the Program Delegate approves release of a Progress Instalment, payment will be made within four weeks of the Delegate making this decision. Eligible Funding Recipients will be advised in writing of the decision to release a Progress Instalment.

The payment value for a Progress Instalment will equal:

- actual expenditure up until the end of the relevant quarter; plus
- projected expenditure to the end of the next quarter.

less:

- funds received; and
- 10 per cent of the Nominal Funding Allocation.

9.2.3 Early access

If the Eligible Funding Recipient has expended all of its First Instalment in advance of 1 January 2021, an Eligible Funding Recipient can seek to access the Second Instalment early. The process followed in relation to the Second Instalment will be followed for Early Access with necessary changes to timeframes.

The payment value will be equal:

- actual expenditure up until the Ad hoc Report date; plus
- projected expenditure to 31 March 2021

less:

- the first instalment; and
- 10 per cent of the Nominal Funding Allocation.

9.2.4 Final instalment

The Program Delegate will decide whether to approve release of the Final Instalment on the basis of:

- an assessment of compliance with the Grant Agreement, including any investigations or audit reports;
- the information provided in the Annual Report;
- acceptance of a complete Final Report;
- information in the Work Schedule and relevant Quarterly Reports; and
- any other relevant information.

The Final Instalment will be the lesser of the residual amount of an Eligible Funding Recipient's Nominal Funding Allocation and the total actual expenditure under the program less instalments paid to date.

Further information may be requested by the Department at this stage and considered by the Program Delegate.

The Final Instalment will be paid within 16 weeks of the Program Delegate's decision to release the grant payment.

9.3 Grant payments and GST

In accordance with the Terms of the Australian Taxation Office ruling GSTR 2012/2, payments made under the LRCI Program, which are payments made by a government related entity to another government related entity, and for which the amount of the grant does not exceed the cost of providing the goods or services, do not attract GST. Consequently, the actual and projected expenditure Eligible Funding Recipients report to the Department must exclude the GST component on goods and services, and the payments the Department makes to Eligible Funding Recipients to cover the costs of the program will not include GST.

Grants are assessable income for taxation purposes, unless exempted by a taxation law. We recommend you seek independent professional advice on your taxation obligations or seek assistance from the [Australian Taxation Office](#). We do not provide advice on your particular taxation circumstances.

10 Announcement of grants

The Department will publish details of the grants awarded on GrantConnect. The Department may also publish information details of grants, including individual projects funded on its website or other government websites. This information may include:

- title of the project;
- description of the project and its aims;
- amount of funding received and funding allocation; and
- project outcomes.

11 Reporting requirements

Eligible Funding Recipients must submit reports in line with the Grant Agreement and these Guidelines. The Department will remind Eligible Funding Recipients of their reporting obligations before reports are due.

Eligible Funding Recipients must also update their Work Schedules as required and in accordance with any other requirements notified by the Department.

The Department will monitor progress by assessing submitted reports and may conduct site visits to confirm details in Quarterly Reports and Work Schedules if necessary. Occasionally, the Department may need to re-examine claims, seek further information, or request an independent audit of claims and payments on a risk based or sampling basis.

11.1 Quarterly reports

Eligible Funding Recipients must submit Quarterly Reports throughout the Grant Period.

Quarterly Reports must be submitted per the timeframes in **Table 2 –Quarterly Reports** and in accordance with the Grant Agreement.

Quarterly Reports are used to provide the Department with information on the progress of Eligible Projects and are a requirement for the receipt of funds for payment of the Second and Third Instalments of grant payments. Quarterly Reports must be submitted in the manner and form specified by the Department and include required details.

Eligible Funding Recipients must provide the following information in a Quarterly Report:

- the amount of grant funding spent (actual expenditure) for the period commencing on 1 July 2020 and ending on the last day of the quarter to which the Quarterly Report relates;
- the amount of grant funding (proposed expenditure) which the Eligible Funding Recipient intends to spend on Eligible Projects in the quarter following the report;
- details of progress towards completion of Eligible Projects; including any evidence required per the Grant Agreement; and
- estimated and/or confirmed jobs supporting by the grant funding.

The figures in the Quarterly Reports should be prepared on an accrual basis. Quarterly Reports must be submitted within the period specified in the Grant Agreement.

If an Eligible Funding Recipient has expended their Nominal Funding Allocation and/or returned any grant funding additional to the Approved Work Schedule, after providing the Quarterly Report for the quarter in which this occurs, an Eligible Funding Recipient will not be required to provide further Quarterly reports. However Eligible Funding Recipients are required to provide their subsequent Annual Report and (if applicable) the Final Report. This waiver of reporting requirements is an application of the proportionality principle.
