1 Local Roads and Community Infrastructure Program Process

1.1 Introduction

These Grant Opportunity Guidelines (or Program Guidelines) provide information for Phase 3 of the Local Roads and Community Infrastructure (LRCI) Program. These Guidelines apply to administration of Phase 3 of the LRCI Program only.

This document sets out:

- the purpose of the grant opportunity;
- the eligibility criteria;
- how Eligible Funding Recipients will be monitored and evaluated; and
- responsibilities and expectations in relation to the grant opportunity.

The LRCI Program is administered by Department of Infrastructure, Transport, Regional Development, Communications and the Arts (the Department).

2 About the grant program

The LRCI Program commenced from 1 July 2020 and ends on 30 June 2026. The total Australian Government investment in the Program has been \$3.25 billion across four phases.

Phase 3 of the LRCI Program was announced in May 2021 to extend the program and continue to assist local government organisations in delivering priority local projects and supporting jobs within the community across Australia. Local government organisations are expected to identify priority projects that maximise the opportunity for a range of workers to be retained, redeployed and employed to deliver shovel ready projects that provide economic stimulus and benefits to communities.

As with the earlier phases of the LRCI Program, local government organisations can select a broad range of projects to fund so that communities can continue to be provided with the infrastructure they require.

The LRCI Program is a demand driven (eligibility based) grant program delivered under Outcome 3.2 of the Department's Portfolio Budget Statement:

The local government program supports regional development and local communities through delivery of policy advice to the Australian Government and financial assistance to local governments to strengthen local government capacity and better support local communities.

The objective of Phase 3 of the LRCI Program is to maintain and create jobs by stimulating additional infrastructure construction activity in communities across Australia.

The intended outcomes of Phase 3 of the LRCI Program are to:

- provide stimulus to protect and create local short-term employment opportunities through funding construction projects following the impacts of COVID-19; and
- deliver benefits to communities, such as improved road safety, accessibility and visual amenity.

The Department administers the LRCI Program according to the *Commonwealth Grants Rules and Guidelines 2017* (CGRGs).

3 Grant amount and grant period

The Australian Government committed a total of \$1 billion in funding for the continuation of the LRCI Program in Phase 3. Eligible Funding Recipients are able to receive a proportion of this funding amount called a 'Nominal Funding Allocation' from 1 January 2022.

The formula used to determine the Nominal Funding Allocation has been modelled on funding allocations under the Roads to Recovery Program (R2R) and the local road component of the Financial Assistance Grants Program. The formula used to determine a share of funding under the program has been derived based on recommendations from the relevant Local Government Grants Commission in each state and territory, and takes into consideration factors such as population estimates and road length in each local governing body area. This is similar to how individual shares of R2R funding and local road component of the Financial Assistance Grant Program is calculated.

The formula has been consistently applied to determine the Nominal Funding Allocation of each Eligible Funding Recipient under the LRCI Program.

Phase 3 of the LRCI Program commenced on 21 October 2021 and ends on 31 December 2024. Project construction activity is required to be physically completed by 30 June 2024.

3.1 Phase 3 – 'use it or lose it' principle

If an Eligible Funding Recipient has not:

- nominated projects and submitted to the Department a work schedule that utilises the whole of their Nominal Funding Allocation by 30 April 2024; or
- reallocated savings related to an approved project to another project before 30 June 2024; then

the Australian Government has the right to not pay the amount of the Nominal Funding Allocation not applied for or reallocated to a project in the work schedule by the Eligible Funding Recipient.

4 Eligibility criteria

Only Eligible Funding Recipients are able to participate in Phase 3 of the LRCI Program. Eligible Funding Recipients will receive a letter of offer to participate in Phase 3 of the LRCI Program. A list of Eligible Funding Recipients and their funding allocation is available on the Department's website.

4.1 Who is eligible for a grant?

The Eligible Funding Recipients for this grant program have been pre-identified. They are the same as for Phase 1 and Phase 2 of the LRCI Program.

550 Eligible Funding Recipients have been selected for this grant opportunity to fund and provide local council services to communities directly. By providing funding to the level of government closest to communities, the Australian Government can ensure that the economic boost is felt throughout every community across Australia.

4.2 Who is not eligible for the grant program?

Organisations are not eligible to receive grant funding under the LRCI Program unless they have been identified by the Australian Government as an Eligible Funding Recipient (see section 4.1).

General applications by other organisations will not be accepted. Applications by Eligible Funding Recipients reasonably understood to be on behalf of, or for the benefit of another otherwise ineligible organisation, will not be accepted.

5 What the grant money can be used for

Grant money can only be used on Eligible Projects, which are those that meet the requirements set out in the following sections and deliver benefits to the community.

5.1 Eligible grant activity

5.1.1 Local Roads Projects

Eligible Local Road Projects are projects that involve the construction or maintenance of roads managed by local governments. Local governments are encouraged to consider works that support improved road safety outcomes. This could include projects involving any of the following associated with a road:

- traffic signs;
- traffic control equipment;
- street lighting equipment;
- a bridge or tunnel;
- a facility off the road used by heavy vehicles in connection with travel on the road (for example, a rest area or weigh station);
- facilities off the road that support the visitor economy; and
- road and sidewalk maintenance, where additional to normal capital works schedules.

5.1.2 Community Infrastructure Projects

Eligible Community Infrastructure Projects are projects that involve the construction, maintenance and/or improvements to council-owned assets (including natural assets) that are generally accessible to the public.

'Generally accessible to the public' means that the project, or the amenity provided by the project, is generally accessible to the public at large. Some areas are clearly publicly accessible as they are areas that are open to all members of the public such as parks, playgrounds, footpaths and roads.

Projects will also be considered generally publicly accessible if they are in a location that is:

- generally publicly accessible to the wider public undertaking a specific activity (for example council operated sporting fields); or
- generally publicly accessible for a limited age group of the community as a whole i.e. a kindergarten building; or
- used for the provision of an essential service or community service, as determined by the Department, and the amenity of the asset is publicly accessible and benefits the community.

All projects whether carried out on council owned land, or another type of public land, must deliver benefits to the community, such as improved accessibility, visual amenity, and/or safety. Examples of eligible works include:

- Closed Circuit TV (CCTV);
- bicycle and walking paths;
- painting or improvements to community facilities;
- repairing and replacing fencing;
- improved accessibility of community facilities and areas;
- landscaping improvements, such as tree planting and beautification of roundabouts;
- picnic shelters or barbeque facilities at community parks;
- community/public art associated with an Eligible Project (Eligible Funding Recipients will need to provide a clear description of the conceptual basis of the artwork);
- playgrounds and skate parks (including all ability playgrounds);

- noise and vibration mitigation measures; and
- off-road car parks (such as those at sporting grounds or parks).

5.1.3 Other Public Land

Projects that involve the construction, maintenance and/or improvements to state/territory and Crown owned land/assets, and Commonwealth owned land/assets, can also be eligible projects where the Council can confirm that they have the authority of the land or asset owner to undertake the project at the nominated site(s) and the site(s) are accessible to the public (including natural assets).

5.2 Maintaining overall capital expenditure

As an economic stimulus measure, the intent is that Eligible Funding Recipients undertake infrastructure projects which are additional to projects that they had planned to undertake using either their own funds or funds already available to the Eligible Funding Recipients by another opportunity. The funding is not intended to replace existing expenditure commitments but rather to enable further, additional expenditure as economic stimulus.

As with Phase 2, under Phase 3, Eligible Funding Recipients are required to maintain their overall capital spending on roads and community infrastructure, funded by their own revenue, at or above their capital spending level for the relevant financial years within the Eligible Construction Time Period. The focus on overall capital spending provides Eligible Funding Recipients with greater flexibility to set and deliver the infrastructure priorities in their communities.

Proof of maintaining capital expenditure may be a requirement for an Eligible Funding Recipient to receive their full Phase 3 Nominal Funding Allocation. The Department will consider, in exceptional circumstances, exemptions to this requirement.

5.3 Co-contributions

Co-contributions are not required under the LRCI Program, but are allowed to be used for projects. A project can be funded by a combination of LRCI Program funds, the Eligible Funding Recipient's funds, and other government program funds (including state government programs), as long as the combined funding for the project does not exceed the estimated cost of a project.

An Eligible Funding Recipient using co-contributions for a project also needs to meet the conditions of other funding programs from which funds are sourced. Eligible Funding Recipients are responsible for determining if the funding conditions of another program would permit the use of LRCI Program funding towards that project.

5.4 Eligible Construction Time Period

Construction activity on Eligible Projects must be undertaken between 1 January 2022 and 30 June 2024. This is the Eligible Construction Time Period (ECTP).

5.5 Combined Projects – Completed LRCI Phase 1 and Phase 2 projects

Eligible Funding Recipients can nominate discrete later stages of projects that are already receiving funding under Phases 1 and 2 of the LRCI Program. Phase 3 project nominations must be a new, separate and previously unfunded project stage. The component funded under Phase 1 or Phase 2 must not be amended without approval by the Program Delegate and must maintain eligibility under the relevant program guidelines.

5.6 What the grant money cannot be used for

Eligible Funding Recipients cannot use grant money to pay for business as usual activities and costs, or any other activities and costs not associated with Eligible Projects. These activities are Ineligible Projects or Ineligible Expenditures.

The following are examples of Ineligible Projects and Ineligible Expenditures:

- costs incurred in the preparation of a Work Schedule or related documentation;
- costs incurred in the preparation of reporting documentation including Audit requirements;
- general administrative overheads and staff salaries not connected with Eligible Projects funded under the Program;
- subsidy of general ongoing administration of an organisation such as electricity, phone, rent, or costs incurred by the Council as a Landlord in the general course of a lease;
- commencement ceremonies, opening ceremonies or any other event associated with Eligible Projects;
- transport planning studies;
- road rehabilitation studies (if not part of an Eligible Project);
- road building plant or other capital equipment especially moveable equipment (e.g. graders or trailers);
- land;
- purchase of or improvement to assets that will be 'handed-off' to ineligible funding recipients under a cost sharing or minimisation strategy, or similar;
- training (if not part of an Eligible Project);
- public liability insurance;
- fringe benefits tax;
- GST payable component of a supply;
- finance leases on equipment;
- depreciation, except for depreciation of plant and equipment directly attributable to a grant funded Eligible Project;
- preliminary planning and stand-alone design that do not relate to an Eligible Project
- operating lease charges where the rental expense cannot be directly linked to the grant project (e.g. a grader may be hired for a period for a variety of tasks, only charges that specifically relate to the funded Eligible Project can be charged against the grant funds);
- overseas travel; and
- the covering of retrospective project costs undertaken prior to work schedule approval.

6 The grant selection process

6.1 Who will approve grants?

A grant will only be awarded to organisations defined in these Guidelines as an Eligible Funding Recipient. The grant award is approved by the Program Delegate by executing a Grant Agreement.

The Program Delegate will also decide whether projects nominated or varied in a Work Schedule are Eligible Grant Activity as defined in these Guidelines.

The Program Delegate's decision is final in all matters, including:

- the approval of an Eligible Project and Work Schedule;
- the acceptance of a report;
- the amount and release of payments.

There is no appeal mechanism for the Program Delegate's decision to approve or not approve a project, Work Schedule, report and/or payment.

7 Letter of offer process

All Eligible Funding Recipients will receive an offer to participate in Phase 3 of the LRCI Program. This offer will:

- specify the Phase 3 Nominal Funding Allocation;
- include a Grant Agreement that sets out the terms and conditions of Phase 3 of the LRCI Program executed by the Australian Government;
- provide information on the submission of Work Schedules.

Before accepting the offer, Eligible Funding Recipients must read and understand these Guidelines and the Grant Agreement. The Guidelines can be found on the Department's website and on GrantConnect.

Any alterations and addenda¹ will be published on GrantConnect and the Department's website. By registering on GrantConnect, organisations will be automatically notified of any changes to the Guidelines.

8 Notification of outcomes

All Eligible Funding Recipients will receive a letter of offer to participate in Phase 3 of the LRCI Program and a Grant Agreement.

9 Successful grantees

9.1 The grant agreement

An Eligible Funding Recipient must enter into a legally binding grant agreement with the Australian Government by signing the Grant Agreement. The Grant Agreement used for Phase 3 of the LRCI Program will be supplied to Eligible Funding Recipients. The Grant Agreement has standard terms and conditions that cannot be changed. The Grant Agreement may also contain conditions specific to an Eligible Funding Recipient in a Schedule.

To accept the offer, the Eligible Funding Recipient must:

- sign the Grant Agreement;
- provide all the information requested; and
- return the Grant Agreement to the LRCI Program Manager.

A Grant Agreement must be executed with the Australian Government before any payments can be made. The Department is not responsible for any of an Eligible Funding Recipient's expenditure until a Grant Agreement is executed and a Work Schedule is approved for the Eligible Funding Recipient.

Eligible Funding Recipients should keep a copy of the Grant Agreement and any supporting documents.

The Australian Government may recover grant funds from an Eligible Funding Recipient if the Grant Agreement has been breached. If an Eligible Funding Recipient fails to meet the obligations of the Grant Agreement, the Grant Agreement may be terminated.

¹ Alterations and addenda include but are not limited to: corrections to currently published documents, changes to close times for applications, and Questions and Answers (Q&A) documents.

9.1.1 Grant agreement extensions

We recognise that unexpected events may affect funding recipient progress in delivering their work schedule and prevent projects being complete by the end of the ECTP on 31 June 2024.

The Program Delegate may approve an extension to the grant agreement provided:

- the Funding Recipient requests the extension at least two (2) months before the ECTP end date (by 30 April 2024);
- the extension will allow for completion of construction of one or more existing projects in the Approved Work Schedule (an extension may not be granted to enable new projects to be scheduled and funded);
- it can be demonstrated that the delays in delivery occurred as a consequence of exceptional circumstances, including but not limited to supply chain issues, labour shortages, and extreme weather events; and
- the extension is for no more than twelve (12) months to the ECTP and Grant Agreement end date (i.e. extensions will not be granted beyond 31 June 2025).

Eligible Funding Recipients can contact the Department by email to LRCIP@infrastructure.gov.au to request a grant agreement extension.

You should not assume that an extension request will be successful. The Program Delegate will consider your request and review any required changes based on provisions in the grant agreement, including relating to reporting requirements, and to ensure the changes do not impact the grant program achieving its outcomes as set out in these guidelines.

9.1.2 Submission of a Work Schedule

Eligible Funding Recipients will nominate projects they intend to spend LRCI grant money on in their Work Schedule.

Eligible Funding Recipients are required to submit a draft Work Schedule in the manner and form stipulated by the Department.

The draft Work Schedule must contain the following information in relation to each of the nominated projects the Eligible Funding Recipient proposes to undertake:

- project description, including details of how the project meets the Project Eligibility Requirements detailed in Section 5;
- proposed timeframes for the project, including construction commencement date and estimated construction completion date;
- detail of any conflicts of interest and management actions to manage these conflicts;
- the amount of grant funding required and details of any other contributions to the total costs of the project, along with details of all proposed expenditure including confirmation that none of the proposed expenditure is Ineligible Expenditure;
- expected number of full-time equivalent jobs supported by the project over the construction period;
- meet mapping requirements notified by the Department;
- whether the project involves Indigenous employment of Business use; and
- Work Category, Outcome Category.

If some of the jobs supported by a project are new jobs/redistribution of personnel in the Eligible Funding Recipient's own workforces, labour costs for work undertaken must be derived from timesheets or via an equally acceptable method. Project management time included in the expected number of jobs supported by a project must not include Ineligible Expenditure or costs associated with Ineligible Projects, and a clear and definable model needs to be in place to apportion these costs.

The manner and form for submitting a draft Work Schedule will be provided to Eligible Funding Recipients and made available on the Department's website.

Eligible Funding Recipients can submit their draft Work Schedule when or after they return their signed Grant Agreement, however failure to promptly return a Work Schedule will result in release of grant funds being delayed.

The total amount of grant funding sought under a draft Work Schedule cannot exceed the amount of the Nominal Funding Allocation specified in the Grant Agreement.

9.1.3 Approval of a Work Schedule

The Department will assess whether projects included in an Eligible Funding Recipient's Work Schedule meet the Eligible Project Requirements set out in these Guidelines and that all requested information has been provided.

If the Work Schedule or projects do not meet requirements, an Eligible Funding Recipient may submit an updated Work Schedule that includes additional nominated projects for approval. The Department may contact an Eligible Funding Recipient to request further information.

The Department will make a recommendation to the Program Delegate to approve/not approve the Work Schedule and the release of the First Instalment of grant funds on the basis of their assessment of the information provided by an Eligible Funding Recipient and any other information in the Program Guidelines.

The Program Delegate will decide whether to approve the Work Schedule and the release of the First Instalment. Approval may be subject to conditions detailed in the Grant Agreement.

Only approved Eligible Projects will be included in the Approved Work Schedule. Eligible Funding Recipients will be advised in writing if their Work Schedule and release of the First Instalment has been approved.

9.1.4 Variation of a Work Schedule

Funding recipients may request a variation to their work schedule at any time before 30 April 2024.

If a variation is only required to amend the construction start or end date of an Approved Project within the ECTP, this can be requested by notifying the Department of the new dates by email. For more substantive variations, including:

- multiple projects;
- an increase or decrease in total project cost, including co-contribution amounts;
- an increase or decrease in project scope of works;
- removal of an approved project; or
- nomination of a new project for approval,

Eligible Funding Recipients are required to resubmit their most recently Approved Work Schedule with edits and annotations showing the requested changes. A copy of the Approved Work Schedule in Microsoft Word, amended with track changes, should be emailed to LRCIP@infrastructure.gov.au for assessment.

Refer section 9.1.1 above in regard to amending the construction start or end date of an Approved Project beyond the ECTP.

9.1.5 Assessment and approval of variations

All variation requests will be assessed by departmental officers to ensure all eligibility criteria is met. The Program Delegate will provide final approval of all variations.

The time frame for variation assessment and approval can be up to four (4) weeks (provided all information is provided and correct in the first instance). If information is missing or unclear, we will be in contact to rectify the issue. Note this may delay approval.

You should not assume that a variation request will be approved. Eligible Funding Recipients must not proceed with works on projects that are subject to a work schedule variation request until it has been approved by the relevant Program Delegate and you are notified by the Department. If an Eligible Funding Recipient starts or continues work on a project that is pending approval of a variation request, and the project is not approved for funding, the Department will not be responsible for Eligible Funding Recipient's expenditure on the project.

9.2 How we pay the Grant

Table 1 - Grant Payment Overview

<p>Final Instalment</p> <p>Final payment</p>	<p>Within sixteen (16) weeks of the Department's acceptance of a complete and accurate Annual or Final Report and decision to release the Final Instalment.</p>	<p>The Final Instalment will equal the smaller of:</p> <ul style="list-style-type: none"> • the residual amount of an Eligible Funding Recipient's Phase 3 Nominal Funding Allocation; or • the total eligible expenditure under Phase 3; <p>less:</p> <ul style="list-style-type: none"> • instalments paid to date.

9.2.1 First instalment

The First Instalment will be paid to an Eligible Funding Recipient within four weeks of the Work Schedule and release of the First Instalment being approved by the Program Delegate, provided this date is after 1 January 2022.

The value of the First Instalment will be 50 per cent of an Eligible Funding Recipient's Phase 3 Nominal Funding Allocation.

To receive a first payment an Eligible Funding Recipient must have nominated projects with a total program funding value of more than 50 per cent of their Phase 3 Nominal Funding Allocation (or 75 per cent for Low Value Grants),

9.2.2 Low Value Grants

A Low Value Grant is a Phase 3 Nominal Funding Allocation under \$750,000. In application of the proportionality principle, different requirements relating to Instalments and Reporting apply to these grants.

For a Low Value Grant, the process for Work Schedule approval is the same as detailed above. However, Low Value Grant recipients can receive 75 per cent of their Phase 3 Nominal Funding Allocation as their First Instalment provided they have nominated projects with a total program funding value of 75 per cent or more of their Phase 3 Nominal Funding Allocation.

9.2.3 Progress instalments

The Program Delegate will decide whether to approve release of a Progress Instalment on the basis of:

- the Department's assessment of, and the information provided in, relevant Quarterly Report/s;
- whether or not an Eligible Funding Recipient is in breach, or suspected of being in breach, of the Grant Agreement; and
- consideration of other relevant information, including whether the Eligible Funding Recipient has engaged with relevant local MPs as required by these guidelines.

Further relevant information may be requested by the Department at this stage and considered by the Program Delegate.

If the Program Delegate approves release of a Progress Instalment, payment will be made within four weeks of the Delegate making this decision. Eligible Funding Recipients will be advised in writing of the decision to release a Progress Instalment.

The payment value for a Progress Instalment will equal:

- actual expenditure up until the end of the relevant quarter; plus
- projected expenditure to the end of the next quarter.

less:

- funding already received; and
- 10 per cent of the Phase 3 Nominal Funding Allocation.

For Low Value Grants, Eligible Funding Recipients can apply to receive the residual of grant funds (10 per cent) at the time of a Quarterly Report being submitted, provided they also submit completed acquittal documentation (see section 11.5).

9.2.4 Final instalment

The Program Delegate will decide whether to approve release of the Final Instalment on the basis of:

- an assessment of compliance with the Grant Agreement, including any investigations or audit reports;
- the information provided in the Annual Report;
- information in the Work Schedule and relevant Quarterly Reports; and
- any other relevant information, including whether the Eligible Funding Recipient has engaged with relevant local MPs as required by these guidelines.

The Final Instalment will be the lesser of the residual amount of an Eligible Funding Recipient's Phase 3 Nominal Funding Allocation and the total actual expenditure.

Further information may be requested by the Department at this stage and considered by the Program Delegate. The Final Instalment will be paid within 16 weeks of the Delegate's decision to release the grant payment.

9.3 Grant payments and GST

In accordance with the Terms of the Australian Taxation Office ruling GSTR 2012/2, payments made under the LRCI Program, which are payments made by a government related entity to another government related entity, and for which the amount of the grant does not exceed the cost of providing the goods or services, do not attract GST. Consequently, the actual and projected expenditure Eligible Funding Recipients report to the Department must exclude the GST component on goods and services, and the payments the Department makes to Eligible Funding Recipients to cover the costs of the program will not include GST.

Grants are assessable income for taxation purposes, unless exempted by a taxation law. We recommend you seek independent professional advice on your taxation obligations or seek assistance from the [Australian Taxation Office](#). We do not provide advice on your particular taxation circumstances.

10 Announcement of grants

The Department will publish details of the grants awarded on GrantConnect within 21 days after the date of effect of the Grant Agreement as required by section 5.3 of the CGRGs.

The Department may also publish details of grants on its website or other government websites, including individual projects funded, underway or complete. This information may include, but is not limited to:

- title of the project;
- description of the project and its aims;
- amount of funding received and funding allocation; and
- project outcomes including estimates of jobs supported.

11 Reporting requirements

Eligible Funding Recipients must submit reports in line with the Grant Agreement and these Guidelines. The Department will remind Eligible Funding Recipients of their reporting obligations before reports are due.

Eligible Funding Recipients must also update their Work Schedules as required and in accordance with any other requirements notified by the Department.

The Department will monitor progress by assessing submitted reports and may conduct site visits to confirm details in Quarterly Reports and Work Schedules if necessary. Occasionally, the Department may need to re-examine claims, seek further information, or request an independent audit of claims and payments on a risk based or sampling basis.

11.1 Quarterly reports

Eligible Funding Recipients must submit Quarterly Reports throughout the Grant Period.

Quarterly Reports must be submitted per the timeframes in **Table 2 – Reports** and in accordance with the Grant Agreement.

Quarterly Reports are used to provide the Department with information on the progress of Eligible Projects and are a requirement for the receipt of funds for payment of Progress and Final Instalments of grant payments.

Quarterly Reports must be submitted in the manner and form specified by the Department and include required details.

Eligible Funding Recipients must provide the following information in a Quarterly Report:

- the amount of grant funding spent (actual expenditure) for the eligible construction time period commencing on 1 January 2022 (unless agreed by the Department) and ending on the last day of the quarter to which the Quarterly Report relates;
- the amount of grant funding (proposed expenditure) which the Eligible Funding Recipient intends to spend on Eligible Projects in the quarter following the report;
- details of progress towards completion of Eligible Projects; including any evidence required per the Grant Agreement;
- changes to construction start or end dates, and
- estimated and/or confirmed jobs supported by the grant funding.

The figures in the Quarterly Reports should be prepared on an accrual basis. Quarterly Reports must be submitted within the period specified in the Grant Agreement.
