## Projects within the Bruce Highway Central Corridor:

### **Bruce Highway - Gladstone to Rockhampton Upgrades**

The project is delivering priority upgrades on sections of the Bruce Highway between Gladstone and Rockhampton.

### **Bruce Highway - Goorganga Floodplain Upgrade**

The project will improve flood immunity and construct northbound and southbound overtaking lanes on the Bruce Highway over the Goorganga Floodplain from north of the O'Connell River to south of Proserpine.

### **Bruce Highway - Goorganga Plains Upgrade - Plan and Preserve Corridor**

The project is completing planning and design work for the Bruce Highway – Goorganga Floodplain Upgrade.

### **Bruce Highway - Jumper Creek Upgrade**

The project improved flood immunity by upgrading the Bruce Highway near Jumper Creek between Pindi Pindi and Calen.

### **Bruce Highway - Knobels Road Intersection Upgrade**

The project upgraded a 1.1-kilometre section of the Bruce Highway at the intersection of Knobels Road and Nebia-Coningsby Road.

### **Bruce Highway - Mackay Northern Access Upgrade**

The project upgraded a 4-kilometre section of the Bruce Highway from Sams Road to Bald Hill Road. The project also delivered two new bridge overpasses of Davey Street and constructed a new two-lane bridge at Janes Creek.

### **Bruce Highway - Mackay Port Access - Slade Point Road**

The project is expected to construct a new road connection between the Bruce Highway at Glenella and Harbour Road at the Port of Mackay.

### **Bruce Highway - Mackay Ring Road - Stage 1**

The project constructed a new ring road around Mackay between Stockroute Road and the intersection of the Bruce Highway and Bald Hill Road.

### **Bruce Highway - Rockhampton Northern Access Upgrade**

The project duplicated the Bruce Highway between the Rockhampton - Yeppoon Road Intersection and the Ramsay Creek Bridge through the northern suburb of Parkhurst.
