# Bruce Highway South Corridor

## Infrastructure Investment Program

As at 2025–26 MYEFO

<b>Total AGC</b>	\$5,639.5 million
<b>Corridor Description</b>	The Bruce Highway South Corridor is between Brisbane and Gladstone
<b>Benefits</b>	<ul style="list-style-type: none"><li>• Increased capacity</li><li>• Increased safety</li><li>• Increased efficiency</li></ul>
<b>Funding program</b>	Investment Road and Rail – Infrastructure Investment Program
<b>Transport mode</b>	Road
<b>State</b>	QLD

## Projects within the Bruce Highway South Corridor:

### **Bruce Highway - Anzac Avenue to Uhlmann Road**

This project will widen the Bruce Highway from six to eight lanes between Anzac Avenue and Uhlmann Road.

### **Bruce Highway - Anzac Avenue - Uhlmann Road - Business Case**

The project will deliver a business case for critical upgrades to the Bruce Highway between Anzac Avenue and Uhlmann Road, to increase safety, reduce congestion and improve the reliability of the Bruce Highway.

### **Bruce Highway - Buchanan Road - Caboolture Bribie Island Road - Business Case**

The project will deliver a business case for critical upgrades to the Bruce Highway between Buchanan Road and Caboolture Bribie Island Road to reduce congestion, increase flood immunity and improve reliability.

### **Bruce Highway - Caboolture-Bribie Island Road to Steve Irwin Way**

The project upgraded approximately 11 kilometres of the highway, from a four-lane to a six-lane divided carriageway, between Caboolture-Bribie Island Road and Steve Irwin Way. The project also

replaced 10 bridges and upgraded existing interchange ramps, including the provision for smart motorway infrastructure.

### **Bruce Highway - Caloundra Road to Sunshine Motorway**

The project delivered upgrades to the 7km stretch of the Bruce Highway between the Caloundra Road interchange and the Sunshine Motorway by providing a six-lane divided highway.

### **Bruce Highway - Cooroy to Curra - Planning and Design**

The project involved planning, design and property acquisition for the upgrade of a 65-kilometre section of the Bruce Highway from Cooroy to Curra.

### **Bruce Highway - Cooroy to Curra - Section D**

The project constructed a new 26-kilometre four-lane bypass east of Gympie between Woondum interchange and Curra.

### **Bruce Highway - Cooroy to Curra - Section D (Planning and Design)**

The project delivered planning and detailed design of the Bruce Highway - Cooroy to Curra - Section D construction project including land acquisitions.

### **Bruce Highway - Deception Bay Road Interchange Upgrade**

The project delivered upgrades to the Deception Bay Road interchange including the upgrade of entry and exit ramps, two new parallel bridges over the Bruce Highway, two signalised intersections on Deception Bay Road.

### **Bruce Highway – Dohles Rocks Road to Anzac Avenue (Stage 1)**

The project will deliver an upgrade of the Bruce Highway between Dohles Rocks Road and Anzac Avenue, including new northbound and southbound ramps, and intersection upgrades.

### **Bruce Highway – Gateway Motorway to Dohles Rocks Road (Stage 2) – Business Case**

The project will review and update the business case and prepare a preliminary design to inform the design and construction of Bruce Highway - Gateway Motorway to Dohles Rocks Road (Stage 2).

### **Bruce Highway - Gateway Motorway to Dohles Rocks Road (Stage 1)**

The project will upgrade the interchange of the Bruce Highway, Gateway Motorway and Gympie Arterial Road. This includes improving the Gateway Motorway and Bruce Highway from Bald Hills Creek to south of the Pine River.

### **Bruce Highway - Linkfield Road Overpass**

The project will widen Linkfield Road between Gympie Road and Lacey Road to four lanes and construct two parallel bridges over Gympie Arterial Road. The project will also upgrade and signalise access ramps connecting Linkfield Road.

### **Bruce Highway - Maroochydore Road and Mons Road Interchanges Upgrade**

The project upgraded the Maroochydore Road and Mons Road Interchanges, constructed new two-way eastern and western service roads, reconfigured entry and exit ramps at Mons Road and widened the Mons Road underpass.

### **Bruce Highway - Pine River to Caloundra Interchange - Planning**

This project included planning and priority upgrades along the Pine River to Caloundra Road corridor of the Bruce Highway.

### **Bruce Highway - Pine River to Caloundra Road Smart Motorways (Stage 2)**

The project delivered smart technology upgrades and undertook critical asset renewal along a 60-kilometre stretch of the Bruce Highway between Pine River and Caloundra Road.

### **Bruce Highway - Saltwater Creek Upgrade**

The project delivered upgrades to four existing floodway sections north of Saltwater Creek between Maryborough and Torbanlea to improve flood immunity.

### **Bruce Highway - Tiaro Bypass**

The project will deliver a bypass to address flooding, traffic efficiency and safety issues at Tiaro.

### **Bruce Highway - Uhlmann Road - Buchanan Road - Business Case**

The project will deliver a business case for critical upgrades to the Bruce Highway between Uhlmann Road and Buchanan Road to reduce congestion and improve reliability.

### **Bruce Highway - Wide Bay Highway Intersection Upgrade**

The project addressed congestion caused by traffic joining the Bruce Highway from the Wide Bay Highway heading south. The works involved capacity and safety upgrades to the Wide Bay Highway intersection.

### **Gateway Motorway - Bracken Ridge to Pine River**

The project will upgrade the four-lane section of the Gateway Motorway from Bracken Ridge to the interchange with the Bruce Highway and the Gympie Arterial Road.
