

Central West Corridor Package

Total AGC	\$453.5 million
Corridor description	Roads west of the Bruce Highway to the NT border
Benefits	<ul style="list-style-type: none">• Improved road safety• Increased economic benefits through improved productivity
Funding program	Investment Road and Rail – Infrastructure Investment Program
Transport mode	Road
State	Queensland

Projects within the Central West Corridor:

Capricorn Highway - Pavement Strengthening and Widening (Package 1)

Progressive pavement strengthening and widening on priority narrow sections of the Capricorn Highway between Emerald and Alpha.

Capricorn Highway - Pavement Strengthening and Widening (Package 2)

Progressive pavement strengthening and widening on priority narrow sections of the Capricorn Highway between Emerald and Alpha.

Capricorn Highway - Pavement Strengthening and Widening (Package 3)

Progressive pavement strengthening and widening on priority narrow sections of the Capricorn Highway between Emerald and Alpha.

Townsville to Roma Upgrade - Springsure to Tambo

This project will upgrade sections of Dawson Developmental Road between Springsure and Tambo.

Flinders Highway (Richmond-Julia Creek) - Upgrades at Alick Creek

This project includes a floodway upgrade and new culverts at Alick Creek on the Flinders Highway.

Landsborough Highway - Upgrades at McKinlay River

Upgrades on the Landsborough Highway at McKinlay River, including rehabilitation and drainage works.

Flinders Highway (Hughenden-Richmond) - Progressive Upgrades

This project includes various progressive upgrades on the Flinders Highway between Hughenden and Richmond, including pavement improvements, culvert upgrades and audio tactile line marking.

Flinders Highway (Richmond-Julia Creek) - Progressive Upgrades

This project includes various progressive upgrades on the Flinders Highway between Richmond and Julia Creek, including pavement improvements, culvert upgrades and audio tactile line marking.

Richmond-Winton Road - Progressive Sealing, Strengthening and Widening

This project includes progressive upgrades on the Richmond-Winton Road, including pavement strengthening, widening and sealing.

Gulf Developmental Road (Croydon-Georgetown) - Pavement Strengthening and Widening

Progressive pavement strengthening and widening of the Gulf Developmental Road between Croydon and Georgetown.

Flinders Highway - Bridge Replacement at Canal Creek

This project includes a bridge replacement at Canal Creek on the Flinders Highway.

Capricorn Highway and Gregory Highway Intersection Upgrade (Emerald)

The Project involves the widening of the Gregory Highway to include additional turning lanes at the intersection with the Capricorn Highway.

Cloncurry-Dajarra Road - Upgrades at Malbon River

This project includes replacing an existing culvert with an upgraded structure and approaches at the Malbon River floodway on the Cloncurry-Dajarra Road.

Landsborough Highway - Upgrades at Nora Creek

Upgrades on the Landsborough Highway at Nora Creek, including rehabilitation and drainage works.

Landsborough Highway - Upgrades at Rutchillo Creek

Upgrades on the Landsborough Highway at Rutchillo Creek, including rehabilitation and drainage works.

Kennedy Developmental Road (The Lynd to Hughenden)

This project will progressively seal approximately 48 kilometres of the Kennedy Developmental Road located between The Lynd and Hughenden.

Flinders Highway (Julia Creek to Cloncurry) - Scrubby Creek Pavement Strengthening and Widening

The Project will deliver approximately 9.3km of pavement strengthening and widening on a priority section of the Flinders Highway between Julia Creek and Cloncurry.

Flinders Highway (Townsville - Charters Towers) Overtaking Lanes - Packages 1 and 2

The Project will deliver two new overtaking lanes approximately 30km south-west of Townsville, and one new overtaking lane approximately 70km south-west of Townsville.

Gulf Developmental Road - Pavement Strengthening and Widening

This project will strengthen and widen approximately 12.3km of the Gulf Developmental Road between Mount Garnet and Croydon. Works will include upgrading single lane road sections to two-way two lane sections and full width sprayed seal, resealing and/or rehabilitating existing deficient two lane sections and any necessary culverts works as required.

Gregory Developmental Road (Charters Towers-The Lynd): Feeder Road-Pavement Strengthening and Widening—Package 1

The Project will deliver works along the Gregory Developmental Road north of Charters Towers (on the Charters Towers - The Lynd section). Works will include widening of at least 4.6 kilometres of the existing narrow seal to 8 metres, pavement rehabilitation and replacement or strengthening of ageing culverts.

Flinders Highway (Townsville - Charters Towers) Wide Centre Line Treatment

The Project will deliver Wide Centre Line Treatment and associated culvert upgrades along a 1.45 kilometre section of the road in the vicinity of Mingela Road and Kookaburra Creek.

Dawson Highway (Banana - Rolleston) - Roundstone Creek Bridge Overflow Upgrade

This project will raise the height of the Dawson Highway, installing cross drainage and culverts to improve the flood immunity of the existing narrow Roundstone Creek Overflow channel. The road will be upgraded to a minimum 9 metre seal on a 9 metre pavement.

Balonne Highway - St George Breakdown Pad

This project will formalise the St George heavy vehicle breakdown pad. Works will include the reconstruction and widening of the existing facility, sprayed bitumen sealing, surface drainage improvements and delivery of up to 10 parking bays for type 2 multi-combination vehicles.

Carnarvon Highway - Orange Hill Safety Treatments

This project will upgrade the Carnarvon Highway near Orange Hill by widening the pavement, lanes and shoulders of the road. Other upgrades include turn treatments at Lalors Lane, culvert extension and replacements and installation of additional warning signage.

Carnarvon Highway and Arcadia Valley Road Intersection Upgrade

This project will upgrade the intersection of the Carnarvon Highway and Arcadia Valley Road. Upgrades will include lane and shoulder widening and improved intersection approach geometry to accommodate heavy vehicles. New road furniture will also be installed.

Carnarvon Highway and Castlereagh Highway Intersection Upgrade

This project will upgrade the intersection of the Carnarvon Highway and Castlereagh Highway. Upgrades include road realignment, pavement rehabilitation, widening lanes and shoulders and improving the intersection geometry.

Carnarvon Highway and Salmon Road Intersection Upgrade

This project will upgrade the intersection of the Carnarvon Highway and Salmon Road. Upgrades include road realignment, pavement rehabilitation, widening lanes and shoulders and improving the intersection geometry.
