

What to expect

01

A modern,
web-based
portal

02

Integrated
with our
systems

03

Built for now,
designed for
the future

04

Meets
needs and
expectations

How to prepare

- ☐ Consider who should have access to the portal
- ☐ Complete [RPM portal access form](#)
- ☐ Attend RPM portal information session for general overview
- ☐ Attend RPM demonstration on using the portal
- ☐ Download previous expenditure and annual reports in IMS prior to shutdown
- ☐ Review and update any local documents, practices or processes
- ☐ Access RPM portal user guide and support materials (when available)
- ☐ Look out for updates and go-live notifications
- ☐ Advise other areas of the transition to the RPM portal

RPM key dates

August 2024	RPM launched for nationally funded infrastructure investments
7 November 2025	Submit access form by this date to ensure access by 1 Dec
20 November 2025	IMS shutdown
20 Nov - 1 Dec 2025	To access IMS data in this period contact your program area
1 December 2025	RPM portal available for locally funded investments

Data migration

- All project information will be migrated to RPM – no data will be lost
- Not all data will be available in the RPM portal from 1 December 2025
- If you need to access something that is not available, contact your program area
- Historical Roads to Recovery Expenditure Report and Annual Report information will be available in RPM. However the ability to download the reports is not yet available.

Prior to launch

Before 1 December 2025, you will receive:

RPM portal link

Password set up instructions

Multi Factor Authentication instructions

QUICK TIPS

- Only the RPM homepage will be visible prior to 1 December 2025.
- If you have any questions about the transition contact us at RPMinfo@infrastructure.gov.au
