Project 130067-24TAS-567 - Aoraki — Project Location
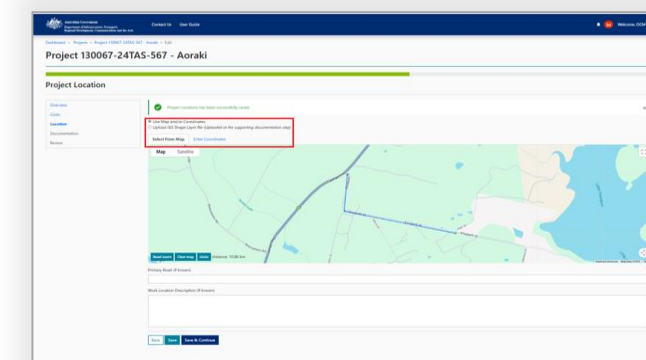

States and territories only

- SLRIP and ATF monthly reports prepopulated from previous month, including cumulative expenditure to date and progress descriptions

Councils only

- You will be able to submit change requests to amend draft projects or completed projects in the current funding period
- Expenditure reports now called progress reports

Future enhancement opportunities

- Change requests submitted online for Safer Local Roads and Infrastructure Program and Active Transport Fund
- More options for mapping

New feature in focus – RPM maps

- This is a significant change and improvement in functionality from IMS.
- RPM is integrated with Google maps to help you accurately record project locations
- This information will be taken for publishing on departmental website.
- There are a number of options

Point to point locations   **Manually enter coordinates**   **Upload GIS shape files**
