

Victoria

Princes Highway West – Mackinnons Bridge Strengthening over Mount Emu Creek, Terang

Infrastructure Investment Program

Connecting Australians | Enriching Communities | Empowering Regions
Supporting Priority Land Transport Infrastructure Projects

Project Scope

This project will upgrade Mackinnons Bridge over Mount Emu Creek at Terang on the Princes Highway.

Key elements include strengthening the existing bridge to provide extra capacity, particularly for freight vehicles.

Funding

Total Commitment: \$2 million

Australian Government Commitment: \$1 million

Victorian Government Commitment: \$1 million

Benefits

- Improved network efficiency
- Improved productivity
- Improved safety
- Supports regional connectivity
- Improved freight efficiency and reliability

Delivery Timeframes

Delivery is anticipated to commence in late 2026, with completion anticipated in mid 2028.
