Benefits	<ul style="list-style-type: none">• Improved safety• Reduced congestion and improved travel time reliability• Improved freight efficiency• Enhanced social outcomes, economic development and environmental sustainability
Funding program	Investment Roads – Infrastructure Investment Program
Transport mode	Road
State	Western Australia

Projects within the Great Northern Highway Corridor:

Great Northern Highway – Brooking Channel Bridge

The project will upgrade the Great Northern Highway with construction of a two-lane bridge over the Brooking Channel at Fitzroy Crossing, improving the resilience of the Great Northern Highway in the Kimberley region.

Great Northern Highway – Fitzroy to Gogo (Kimberley Resilience Program)

The project will deliver 11 kilometres of road reconstruction and replacement of two single lane bridges along the Great Northern Highway Fitzroy Crossing to Gogo Section to ensure continued improvement in social and economic outcomes for First Nations people of Fitzroy Crossing.

Port Hedland Airport Deviation

The project will construct a five-kilometre single carriageway to realign the Great Northern Highway away from the Port Hedland International Airport, construct a single-span concrete road bridge over a duplicated rail line, construct two access roads and relocate a tourist information bay.

Great Northern Highway - Broome to Kununurra (Nellie Springs to Sally Downs Well and Arthur Creek)

The project will upgrade the Great Northern Highway by replacing a single lane bridge with a two-lane bridge at Arthur Creek, and upgrading four floodways' to bridges between Nellie Springs and Sally Downs Well.

Great Northern Highway Upgrade Ord River North Section (Stage 2)

The project will widen and overlay 11.2 kilometres of road along the Great Northern Highway and construct a new bridge over Tickalara Creek including approach works and removal of the existing bridge.

Great Northern Highway Upgrade – Ord River North Section, Stage 3

The project will comprise of two stages:

Stage 3a: includes widening and overlay, reconstruction and realignment of the Great Northern Highway, replacing and extending culverts, improving off-road drainage, and constructing road safety barriers as required.

Stage 3b: includes widening and overlay, reconstruction and realignment of the Great Northern Highway, construction of a north bound passing lane and new bridge over Frog Hollow.

Great Northern Highway Upgrade - Newman to Port Hedland Overtaking Lanes

The project will construct up to 18 high priority overtaking lanes along Great Northern Highway from Newman to Port Hedland.

Great Northern Highway Upgrade – Broome to Kununurra (Deep Creek, Logue River and Wonjil)

The project involves upgrading approximately 33 kilometres of the Great Northern Highway between Roebuck and Fitzroy Crossing, including rehabilitation and widening of existing pavement on various sections, improvements to the road formation and drainage, construction of a heavy vehicle parking bay and road signs, safety barriers and road marking.
