

Western Australia Black Spot Program 2026-27

Project Name	LGA	Suburb	Problem Description	Extended Project Description	Australian Gov't Funding
Upgrades to roundabout and crossing at Throssell Street and Brookman-Hay Street	Kalgoorlie-Boulder	Somerville	Right angle and rear-end crashes.	Enlarge the roundabout at Throssell Street and Brookman-Hay Street, resurface for skid resistance, improve drainage and provide a wombat crossing on the shared-use path.	\$548,200
Median extension to restrict turning movements at South Street and Hines Road	Fremantle	Fremantle	Right-angle, right turn thru and rear-end crashes.	Extend central median on South Street to prohibit right-turn movements from both Hines Road approaches.	\$141,000
Road geometry, sealing and drainage improvements on Ora Banda Carbine Road	Kalgoorlie-Boulder	Ora Banda	Property damage.	Improve road geometry and seal on Ora Banda Carbine Road between Straight Line Kilometres 0.00 and 0.50, improve drainage, remove trees within the clear zone, and install signage and pavement marking.	\$226,400
Roundabout modification and speed cushions at Norma Road and McCoy Street	Melville	Myaree	Head-on and rear-end crashes. High number of right-angle crashes.	Increase central radius of roundabout, install speed cushions on Norma Road and McCoy Street approaches and realign kerbing on McCoy Street east approach.	\$550,000
Audio tactile line marking installation on Muchea East Road	Chittering	Muchea	Property damage, animal collisions, head-on and right-angle crashes.	Upgrade existing edge lines to audio tactile line markings on sealed shoulders and install audio tactile line markings on the centreline of Muchea East Road.	\$441,000
Cyclist bypass paths and pedestrian refuge upgrades at	Bunbury	Withers	Right-angle and sideswipe crashes.	Provide cyclist bypass paths on north and east approaches at Ocean Drive roundabout. Upgrade splitter islands for pedestrian refuge, narrow central	\$120,000

OFFICIAL

Ocean Drive, Washington Avenue and Naturaliste Avenue				island with mountable kerb and brick paving, install Raised Reflective Pavement Markings and prune vegetation on Naturaliste Avenue.	
Left-turn lane and pedestrian safety works at Kenwick Road and Brixton Street	Gosnells	Kenwick	High number of rear-end crashes.	Install left-turn lane on Brixton Street at Kenwick Road, relocate footpath, modify traffic islands and upgrade street lighting.	\$255,000
Left-turn lane on Wanneroo Road at signalised intersection with Kingsway	Wanneroo	Madeley	Right-angle and right turn thru crashes. High number of rear end crashes.	Install a left-turn lane on Wanneroo Road at the signalised intersection with Kingsway. Modify traffic median islands and provide a pedestrian refuge.	\$2,198,754
Mini-roundabout and speed cushions at Colstoun Road and Haig Street	Bassendean	Ashfield	Right-angle crashes.	Install a mini-roundabout at the intersection of Colstoun Road and Haig Street, raise speed cushions on all approaches and upgrade street lighting.	\$60,000
Pre deflection and pavement bar treatment at Connolly Drive, Kingsbridge Boulevard and Landbeach Boulevard	Wanneroo	Butler	Injured pedestrians and property damage. Rear-end, right-angle and sideswipe crashes.	Install pre deflection treatments on the northbound and southbound approaches of Connolly Drive at the roundabout and install pavement bars between approaching lanes. Upgrade street lighting.	\$548,252
Roundabout approach deflection and raised plateaus at Lake Valley Drive and Badgerup Avenue	Mandurah	Lakelands	Injured pedestrians and property damage, rear-end crash. High number of right-angle crashes.	Install pre deflection on two approaches of Badgerup Avenue, one approach of Lake Valley Drive and install raised plateaus on all roundabout approaches. Relocate on street parking on the eastern approach to the southern side of the roundabout.	\$267,995
Raised intersection plateau and median islands at Ladner Street and Peel Road	Fremantle	O'Connor	High number of right-angle crashes.	Install raised intersection plateau at Ladner Street and Peel Road and install median islands on both Peel Road approaches.	\$206,000

OFFICIAL

Raised intersection platform at Sutton Street and Tuckey Street	Mandurah	Mandurah	Right turn thru crashes. High number of right-angle crashes.	Install a raised intersection platform at the Sutton Street and Tuckey Street intersection.	\$217,389
Raised intersection plateau at South Terrace and Scott Street	Fremantle	South Fremantle	Right-angle crashes. Injured pedestrians and rear-end crash.	Construct a raised intersection plateau across all four legs of the South Terrace and Scott Street intersection. Modify pram ramps and kerbing modifications.	\$146,000
Raised intersection plateaus on Moulden Avenue at Brian Avenue and Royal Street	Stirling	Yokine	Sideswipe crashes and high number of right-angle crashes.	Install raised intersection plateaus at Brian Avenue and Royal Street intersections and modify kerbing and drainage.	\$195,000
Raised intersection platforms and median refuge on Woodvale Drive	Wanneroo	Woodvale	Injured pedestrians, rear-end and right-angle crashes.	Install raised intersection platforms at the staggered intersection with Ancestor Retreat and Panzano Circuit, construct a two-metre-wide raised central median with pedestrian refuge, upgrade pedestrian paths, drainage and lighting.	\$537,000
Speed humps and chevron delineation at Murdoch Drive, Forrest Circle, Daylesford Road and Wise Terrace	Port Hedland	South Hedland	Right-angle crashes.	Install speed humps on all approaches to the roundabout at Murdoch Drive, Forrest Circle, Daylesford Road and Wise Terrace. Install signs and delineation.	\$175,000
Raised plateaus and raised intersections on Bottlebrush Drive between Morley Drive East and Telstar Drive	Swan	Kiara	Injured pedestrians, object damage, rear-end, right turn thru and sideswipe crashes. High number of right-angle crashes.	Raised plateaus along Bottlebrush Drive, raised intersections at Aussat Drive and Cocos Grove, pavement markings, pedestrian refuge, drainage improvements and street lighting upgrade.	\$394,850

OFFICIAL

Raised plateaus and traffic calming works on Holcombe Road	Rockingham	Warnbro	Injured pedestrians and object damage. Right-angle and right turn thru crashes.	Install raised plateaus at Bideford Street and Baarbrook Way intersections, install traffic calming measures and upgrade street lighting.	\$500,000
Raised platforms on Stalker Road, Wheatley Street and Lissiman Street	Gosnells	Gosnells	Rear-end, right turn thru and sideswipe crashes. High number of right-angle crashes.	Install raised plateaus on Stalker Road and Wheatley Street approaches, raised speed plateau on Lissiman Street north approach, red asphalt, median island and pram ramp modifications and street lighting upgrades.	\$500,000
Roundabout and street lighting installation at Lionel Street and Dugan Street	Kalgoorlie-Boulder	Kalgoorlie	Right-angle crashes.	Construct a single-lane roundabout at the intersection of Lionel Street and Dugan Street with a central median pedestrian refuge. Installation of lighting and a raised plateau at the intersection.	\$791,200
Roundabout installation at Norseman Approach and Edwin Link	Rockingham	Baldivis	Right-turn thru and sideswipe crashes. High number of right-angle crashes.	Install a raised mini-roundabout with splitter islands on all approaches at the intersection of Norseman approach and Edwin Link, install kerbing and upgrade street lighting.	\$270,000
Roundabout with speed cushion at Oswald Street and Carrington Street	Kalgoorlie-Boulder	South Kalgoorlie	Right-angle crashes.	Construct a single-lane mini-roundabout at Oswald Street and Carrington Street with a central median pedestrian refuge. Install a raised plateau on all approaches.	\$341,700
Roundabout, shared path and lighting upgrades at The Esplanade and William Street	Esperance	Esperance	Right-angle crashes.	Install a roundabout at The Esplanade and William Street, realign carpark access, modify shared path and pedestrian crossing facilities, resurface pavement, improve drainage and upgrade street lighting.	\$601,750
Roundabout installation at Munro Road and Ardross Street	Melville	Applecross	Right-angle and right turn thru crashes.	Install roundabout at Munro Road and Ardross Street intersection.	\$700,000

OFFICIAL

Speed cushions on roundabout approaches at Anzac Terrace and Ivanhoe Street	Bassendean	Bassendean	Object collisions and right-angle crashes.	Install raised speed plateaus on all approaches to the Anzac Terrace and Ivanhoe Street roundabout and upgrade street lighting.	\$41,000
Speed cushions and raised intersection plateaus on Norfolk Street	Vincent	Mount Lawley	High number of right-angle crashes, injured pedestrians and right turn thru crashes.	Install speed humps on Raglan Road approaches to roundabout and install raised intersection plateaus at Wasley Street and Burt Street intersections.	\$288,000
Speed cushions and raised platforms on Riverton Drive East	Canning	Riverton	Property damage, right-angle and sideswipe crashes. High number of rear-end crashes.	Install speed cushions on all roundabout approaches at Riverton Drive East with Barbican Street, Fern Road and Tribute Street. Provide a mid-block road safety platform and install a raised intersection at Midway Street.	\$868,000
Speed calming and single lane conversion at Lionel Street and Roberts Street	Kalgoorlie-Boulder	South Kalgoorlie	Property damage, rear-end and sideswipe crashes. Right angle and right turn thru crashes.	Install speed cushion on Roberts Street and increase deflection on Lionel Street. Convert the existing two-lane roundabout to a single lane roundabout.	\$634,200
Raised plateaus on all roundabout approaches at Elmridge Parkway, The Broadway, Ackworth Grange and Banrock Drive	Swan	Aveley	Property damage, right-angle and rear-end crashes.	Install raised plateaus on all approach lanes to the roundabout at Elmridge Parkway, The Broadway, Ackworth Grange and Banrock Drive.	\$101,910
Median island modifications at Hampton Road and Stevens Street	Fremantle	Fremantle	Right-angle, rear-end and right turn thru crashes.	Modify and connect median islands on Hampton Road to prohibit right-turn movements from Stevens Street approaches. Works include semi-mountable kerbing, pavement markings and installing a pram ramp.	\$87,500

OFFICIAL

Central median modification at Parkview Street and Pinjarra Road	Mandurah	Mandurah	Rear-end, right angle and right turn thru crashes.	Modify the existing central median on Parkview Street to prevent right-out movements onto Pinjarra Road while maintaining right-in access.	\$66,774
Traffic signal upgrades at Millhouse Road, Egerton Drive and Verbana Drive	Swan	Aveley	High number of right turn thru crashes. Rear-end and right-angle crashes.	Modify traffic signals at the intersection of Millhouse Road with Egerton Drive and Verbana Drive to install right-turn arrows on all approaches and modify pavement markings.	\$237,838
Street lighting upgrades on High Road between Nicholson Road and Meadowbrook Drive	Canning	Parkwood	Injured pedestrians, object damage, rear-end and right turn thru crashes. High number of right-angle crashes.	Upgrade street lighting along High Road between Nicholson Road and Meadowbrook Drive.	\$610,000
